

Error code 30174-4-23, 30174-4-483, or 30174-4-1117 when installing Office

Office 2016, Office for business, Office 365 Admin, Office 365 Small Business, More...

You might see this error if there are problems with your hardware drivers. Try the following suggestion to see if this fixes the problem.

Update your hardware drivers

Often, updating a hardware driver is all that you need to do to correct a hardware problem on your PC. For more information, go to the following articles:

- For Windows 7, [Update a drive that isn't working properly](#)
- For Windows 8.1, [Download and install drivers in Windows 8.1](#)
- For Windows 10, [Update drivers in Windows 10](#)
