

# Why can't I install Office 2013 or Office 2016 on Windows XP or Windows Vista?

*Office 2016, Office.com, Office 2013*

You need a computer running Windows 7, Windows 8, or Windows 10 to install Office 2013 or Office 2016.

If you try installing Office 2016 or Office 2013 on a PC with Windows XP or Windows Vista, you'll get an error message. These are some of the errors you may get:

- Installing Office 2016: **The procedure entry point SetWaitableTimerEx could not be located in the dynamic link library KERNEL32.dll**
- Installing Office 2013: **The procedure entry point K32GetProcessImageFileNameW could not be located in the dynamic link library KERNEL32.dll**
